CPNI OPERATING PROCEDURES

INTRODUCTION

Federal law and FCC regulations require that telecommunications carriers limit use, disclosure, and access to Customer Proprietary Network Information (“CPNI”). The FCC recently revised the definition of “telecommunications carrier” to include interconnected VoIP providers for the purposes of the CPNI rules.

There are two main concerns behind the CPNI law and regulations:

- **To prevent the disclosure of CPNI to “pretexters.”** To thwart pretexters, FCC regulations specify detailed customer authentication procedures that a carrier must follow before disclosing CPNI to a person claiming to be the customer.
- **To prevent the use of CPNI for unauthorized marketing purposes.** To this end, federal law and regulations prohibit use, disclosure, and access to CPNI without customer consent for certain marketing purposes.

Compliance with these rules is critical: The FCC has stated that “there may be no more important obligation on a carrier's part than protection of its subscribers' proprietary information,” and requires carriers to establish operating procedures adequate to ensure compliance with the CPNI regulations. The FCC has extracted six-figure payments from carriers for their failure to comply with the regulations, including for mere recordkeeping violations such as the failure to execute an annual compliance certificate.

We have prepared a checklist of CPNI Operating Procedures to assist FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION in dealing with CPNI under federal law and the FCC's regulations.

NOTE: BECAUSE FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION DOES NOT CURRENTLY SELL OR USE CPNI FOR MARKETING, THESE CPNI OPERATING PROCEDURES DO NOT INCLUDE PROVISIONS ON OBTAINING CUSTOMER CONSENT FOR THOSE PURPOSES. BEFORE USING, DISCLOSING, OR ALLOWING ACCESS TO CPNI FOR ANY PURPOSE THAT WOULD REQUIRE CUSTOMER CONSENT,¹ FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION WILL BE REQUIRED TO IMPLEMENT ADDITIONAL PROCEDURES.

¹ See page 5 for an explanation of when customer consent is necessary.

I. POLICY

It is the policy of FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION to comply with the laws and regulations applicable to CPNI, and to ensure that CPNI be kept confidential, except for any use, disclosure, and access to CPNI as is permitted by 47 USC § 222 and the FCC's CPNI rules (47 CFR §§ 64.2001 – 64.2011). Accordingly, FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION has instituted these CPNI Operating Procedures.

The CPNI Compliance Supervisor identified in Section III.A below shall be responsible for the implementation of these CPNI Operating Procedures.

II. DEFINITIONS

Below are the definitions applicable to FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION CPNI Operating Procedures. Note that when a defined term appears in these Operating Procedures, it is generally highlighted in bold type for ease of reference.

Account information. Information that is specifically connected to the customer's service relationship with the carrier, including any component of an account number, the telephone number associated with the account, or the amount of a bill.

Address of record. A postal or electronic address that the carrier has associated with the customer's account for at least 30 days.

Breach. When a person, without authorization or exceeding authorization, has intentionally gained access to, used, or disclosed CPNI.

Call detail information. Any information that pertains to the transmission of specific telephone calls, including:

- For outbound calls, the number called, and the time, location, or duration of any call.
- For inbound calls, the number from which the call was placed, and the time, location, or duration of any call.

Communications-related services. Telecommunications services, information services typically provided by telecommunications carriers (such as Internet access or voice mail services), and services related to the provision or maintenance of customer premises equipment. This definition does not include cable television services.

CPNI. In short, CPNI is information on the types of service to which the customer subscribes, and the customer's call detail information.² The legal definition is:

² Note that aggregate customer information (information from which individually identifiable information has been removed) and subscriber list information (listed name, address and telephone number information) are not CPNI, and are not subject to the FCC's CPNI regulations.

- “(A) information that relates to the quantity, technical configuration, type, destination, location, and amount of use of a telecommunications service subscribed to by any customer of a telecommunications carrier, and that is made available to the carrier by the customer solely by virtue of the carrier-customer relationship; and
- (B) information contained in the bills pertaining to telephone exchange service or telephone toll service received by a customer of a carrier; except that such term does not include subscriber list information.”

Customer. A person or entity to which the telecommunications carrier is currently providing service.

Opt-in approval. Affirmative, express consent from a customer allowing CPNI usage, disclosure, or access after the customer is provided with notification of the carrier’s request for the use, disclosure, or access in accordance with the FCC’s rules.

Opt-out approval. Implied consent to the use, disclosure of, or access to CPNI after the customer fails to object following notification of the carrier’s request for the use, disclosure of, or access to CPNI in accordance with the FCC’s rules.

Readily available biographical information. Information drawn from the customer’s life history, including social security number (or the last four digits of the SSN), mother’s maiden name, home address, or date of birth.

Subscriber list information. Subscriber names, addresses, telephone numbers, and primary advertising classifications that the carrier has published or has accepted for publication in a directory.

Telephone number of record. The telephone number associated with the underlying service, but not the telephone number supplied as a customer’s contact information.

Valid photo ID. An unexpired, government-issued means of personal identification with a photograph, such as a driver’s license, passport, or comparable ID.

B. Safeguarding CPNI from unauthorized disclosure

- [] FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION shall take reasonable measures to discover and protect against attempts to gain unauthorized access to CPNI.
- [] CSRs shall properly authenticate a customer's identity using the procedures below before disclosing CPNI during customer-initiated telephone calls, online account access, or an in-store visit.

1. Customer-initiated telephone calls – identity authentication procedures

Customer wants call detail information	Customer wants non-call detail information (example: minutes of use)
<ul style="list-style-type: none">• Customer must provide password not prompted by carrier asking for readily-available biographical information or account information; or• CSR may send requested information to address of record; or• CSR may call customer at telephone number of record to discuss information; or• If customer can provide call detail information without CSR assistance, CSR may discuss that specific call detail information.	<ul style="list-style-type: none">• CSR must authenticate customer, and may use readily available biographical information or account information.

2. Online Access – identity authentication procedures

- [] FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION shall authenticate the identity of a customer without the use of **readily available biographical information** or **account information** before allowing online access to CPNI.
- [] FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION shall request that the customer establish a password at the time the customer establishes his or her account.

- [] FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION shall request that the customer establish a “shared secret” at the time the customer establishes his or her account.³
- [] Once a customer is authenticated, FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION shall allow the customer online access to CPNI only through a password that is not prompted by asking for **readily available biographical information** or **account information**.

3. In-person Access to CPNI – identity authentication procedures.

- [] Personnel may disclose CPNI to a customer at a retail location only if the customer presents a valid photo ID.

4. Business customers.

FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION may provide different authentication procedures for business customers if:

- [] FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION provides a dedicated account representative for the customer; and
- [] The contract with the customer specifically addresses FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION protection of CPNI.

5. Lost or forgotten passwords

- [] For a customer who has lost or forgotten his or her password, FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION shall authenticate the customer’s identity before providing the password without using **readily available biographical information** or **account information**. Instead, FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION shall use at least one of the following methods to authenticate the customer:
 - [] “Shared secret” authentication.
 - [] Call the customer at the **telephone number of record**.
 - [] Forward a PIN to the customer via voicemail or text message to the **telephone number of record**, or by mailing it to the **address of record**.

³ In this method, the carrier asks the customer to respond to a question the answer to which is not widely known. For example: “What was the name of your first pet?” or “In which city was your mother born?”

[] Review **valid photo ID** presented at FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION retail locations.

C. Use of CPNI by FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION: When is customer approval needed?

There are a number of reasons that FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION would use a customer's CPNI: (i) to provide the customer's VoIP services, (ii) to bill and collect for the VoIP services, and (iii) to target-market additional services. The FCC's regulations allow FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION to use CPNI without customer approval for some of these activities. For others, the FCC requires either "**opt-out approval**" or "**opt-in approval**." The chart below provides a quick reference for when customer approval is and is not required.

Because FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION has not instituted procedures to obtain opt-out or opt-in approval for use of CPNI, FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION shall contact counsel before conducting any activities that would require customer approval.

<u>No customer approval required</u>	<u>Opt-out approval required</u>	<u>Opt-in approval required</u>
Initiating, rendering, billing and collecting for the customer's FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION voice services.	Marketing communications-related services , such as Internet access services.	All other uses of CPNI, including marketing FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION data services.
Marketing service offerings among the categories of service (the FCC lists "local, interexchange and CMRS" as examples of categories of service) to which the customer already subscribes.	Disclosure of and access to CPNI by agents and any affiliates that provide communications-related services so that they can market those services.	
If the customer subscribes to more than one category of FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION service (i.e., local and interexchange), FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION may share CPNI with an affiliated entity if the affiliated entity provides a service offering to the customer.		
Providing inside wiring installation, maintenance, and repair services.		
Marketing adjunct-to-basic services such as speed dialing, computer-provided directory assistance, call monitoring, call tracing, call blocking, call		

tracking, call waiting, caller ID, call forwarding, etc.
Protecting FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION rights or property, or protecting users of FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION voice services and other carriers from fraudulent, abusive, or unlawful use of or subscription to, the services.

D. Uses of CPNI that do not require customer approval.

Under federal law and the FCC's CPNI regulations, there are certain purposes for which a carrier does not need customer approval to use CPNI. The rationale for these exclusions from the general rule is that these purposes are within the established carrier-customer relationship, and the customer has therefore given implied consent for the use or disclosure of CPNI for these purposes. FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION can use CPNI without customer approval for all of the following purposes:

- Initiating, rendering, billing, and collecting for FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION voice services.
- Marketing FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION service offerings among the categories of service to which the customer already subscribes.
- Providing inside wiring installation, maintenance, and repair services.
- Marketing adjunct-to-basic services such as speed dialing, computer-provided directory assistance, call monitoring, call tracing, call blocking, call return, repeat dialing, call tracking, call waiting, caller ID, and call forwarding.
- Protecting FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION rights or property, or protecting users of the FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION voice services and other carriers from fraudulent, abusive, or unlawful use of, or subscription to, the services.

All other uses of CPNI require notice and **opt-out approval** or **opt-in approval**.

E. Training and disciplinary procedures

FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION must provide CPNI training to its personnel to ensure compliance with the FCC's CPNI regulations:

- [] FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION shall train its personnel as to when they are and are not authorized to use CPNI.
- [] FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION shall implement an express disciplinary process for misuse of CPNI (a model disciplinary policy is attached as Appendix 1).
- **Filing, notice, and recordkeeping requirements**

- [] The CPNI Compliance Supervisor shall include with the certificate an explanation of any action taken against data brokers.

A model compliance certificate and the required attachments are attached as Appendix 2.

 - [] A password
 - [] Customer response to a back-up means of authentication for lost or forgotten passwords

 - [] A record of all instances where CPNI was disclosed or provided to third parties, or where third parties were allowed access to CPNI. The record shall include:
 - [] A description of each campaign;

- [] As soon as practicable, and in all cases within 7 business days after discovering the **breach**, FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION shall electronically notify the Secret Service and the FBI through a central reporting facility at <http://www.fcc.gov/eb/cpni>.
- [] FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION shall wait 7 full business days after it notifies the Secret Service and FBI of a **breach** before notifying customers or disclosing the **breach** to the public. After that time, FRENCH BROAD ELECTRIC MEMBERSHIP CORPORATION shall notify its customers of a **breach** of their CPNI (and may disclose the **breach** to the public) unless:
